At Port Jefferson, Long Island, New York

On May 14, 1953, T-2 advised that a register of guests is not maintained at Teddy's Hotel and Restaurant, 103 Main Street, Port Jefferson, New York. The only record maintained is on 3x5 index cards filed alphabetically. T-2 stated these cards are quite numerous. Informant stated that she had no information concerning the identity of anyone named "ANN" who may have been a guest during July, 1957.

T-2 recalled that a large yacht, name unrecalled, had been anchored in Port Jefferson Harbor for about two days during the summer of 1957, which yacht bore the name of "Chicago" on its stern. The yacht was reportedly owned by one [redacted] of Chicago, Illinois, who is the [redacted] Company, large manufacturer of jukeboxes.

T-2 stated that on two or three occasions while the yacht was in the harbor, [redacted] and an unidentified attractive young woman, who reportedly was described as [redacted], dined at Teddy's Hotel. T-2 stated that [redacted] is reported to have [redacted] residing in the "Hamptons" on Long Island, of which there are three, namely

NY 92-727

Easthampton, Westhampton, and Southhampton. T-2 could not recall that either [] or his lady companion had made any telephone calls while at the hotel and that they were not overnight guests there.

T-2 recalled that in the winter of 1957-1958, he read a newspaper item which related the marriage of [] in Florida and T-2 assumed that he had married the woman who had accompanied him to Port Jefferson, Long Island.

At Southhampton, Long Island, New York

On May 14, 1953, [] Tax Receiver, Southhampton, Long Island, Town Hall, stated that a review of the tax records failed to locate any information pertaining to [] Westhampton, which is located in the town of Southhampton.

The following investigation was conducted by SAA []

At New York, New York:

On May 22, 1953, SAA [] contacted Mr. [] H. Hentz and Company, 72 Wall Street, New York, New York, a securities brokerage firm.

[] made available the ledger sheet of account number 119235 in the name of EDWARD B. VOGEL and Miss [] 4300 Marine Drive, Chicago, Illinois.

This account was a joint account and was noted that it carried the right of survivorship.

The ledger card reflected that on September 18, 1956, a check in the amount of \$17,350, was deposited with the brokerage company, for which dealer credit in that amount was established. On September 19, 1956, a purchase of 100 shares of American Telephone and Telegraph Company common stock, at the price of \$173 per share, was made and on September 25, 1956, the shares were delivered to the purchaser.

NY 92-797

The above was the only transaction on the ledger sheet, and [] after checking with the office staff, determined that there have been no other transactions in the name of that account before or since that purchase.

[] consulted his company's duplicate bank deposit slips for September 18, 1956, and advised that instant check issued was drawn on the First Commercial Bank, Chicago, Illinois. Neither the name of the payee (believed to be H. Hentz and Company) nor the name of the drawer of the check were indicated on the duplicate deposit slip. It is noted that the brokerage fee for that transaction amounted to \$50.

Rerep of SA PAUL B. FRANKFURT dated 6/17/58, at
Chicago.

It will be noted on Page 70 of the above Summary Report that the Chicago Independent Amusement Association (CIAA) matter was discussed with Assistant United States Attorney JOHN QUAN who was of the opinion that there appears to be a basic violation of either the Anti-Racketeering Statute or the Labor Management Relations Act of 1947 (Investigative Matter). It was pointed out in this report that investigation would proceed under the case entitled "CHICAGO INDEPENDENT AMUSEMENT ASSOCIATION, ET AL; LMRA; AR", Bufile 122-2254, Chicago File 122-366.

In connection with the above CIAA investigation it will be necessary to interview a large representative number of the members of the CIAA of which there are approximately 100. In order to give this matter adequate attention and in view of the fact that EDWARD VOGEL is now a subject in the CIAA case, the Top Hoodlum matter on VOGEL is being placed in a pending inactive status for a period of 60 days. Two experienced agents are being assigned to investigate the special situation involving a possible violation by EDWARD VOGEL, HYMEN LARNER and others involved in the CIAA.

INTERVIEWS WITH OPERATORS AND LOCATION
OWNERS WHO HAVE REPORTED DAMAGE TO EQUIPMENT.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate August 13, 1958

Mr. [] stated that he is [] the [] and stated that he joined the Chicago Independent Amusement Association (CIAA), when it was formed or shortly thereafter, when the dues were 50¢ per machine for three months. He stated that when the CIAA joined up with the union and dues were raised to \$1.00 per month per machine, he resisted such additional dues but finally paid them after the pressure was put on. Mr. [] stated that what he meant by the pressure being put on was that he [] and that he had a bowling machine hijacked sometime in January or February, 1957, from a location at [] a tavern. Mr. [] stated that he has attended probably eight to ten meetings of the CIAA, but could not recall seeing RED VOGEL or "RED" WATERFALL at the meetings. Mr. [] stated that about a year or a year and a half ago, he had acid spilled on a bowling machine he owned, which was located at the tavern called [] located at [] Illinois. [] stated that the location at this spot, [] was told to get his, [] equipment out of there, but he still has his equipment at that location.

b6
b7C

Mr. [] stated that most of his equipment is purchased locally, however, he has purchased bumper pool tables from the Valley Manufacturing Company in Bay City, Michigan, and probably has five or six Valley bumper pool tables out on his route at the present time. However, none of these bumper pool tables purchased from Valley Manufacturing Company have been damaged. Mr. [] stated that he has approximately [] on his route and most of them are in the city of Chicago proper, with the exception of what he has at [] and also a bowling machine he has at a [] Illinois. He stated that at this latter address, the "syndicate" has a bingo game but for some reason or other, does not disturb his bowling game.

Interview with [] File # 122-366
on 7/31/58 at [] Date dictated 8/6/58
by Special Agents [] and PAUL B. FRANKFURT /pam

CG 122-366

Mr. [] viewed the pictures of EDWARD VOGEL, TONY PANZICA, "POOPY" MAENZA, [] FRANK MUSTERI, HYMEN LARNER, ALEX ROSS, JAMES RINI, and FRANK ELDORADO. Mr. [] picked out the picture of HYMEN LARNER as "RED" WATERFALL, although he stated it appeared to be a very old picture and that since then WATERFALL has filled out in the face. Mr. [] stated that he had occasion to meet "RED" WATERFALL at the office of the CIAA. Mr. [] was unable to identify the other pictures, although he possibly recognized the picture of JAMES RINI and ALEX ROSS as pictures he has seen in the newspapers. . .

Mr. [] stated that he is no longer purchasing labels from the CIAA, although he has received a bill from them, but estimates that he has paid to the CIAA about \$2400 which would be for [] for a year's time.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate August 13, 1958

Mr. [] stated that he is []

and that he resides at []

[] Illinois.

He stated that about one year ago a group of three men came into his tavern and identified themselves as "the boys from the county". He stated that they inquired about taking coin machines that were in his tavern out and replacing them with their own machines. Mr. [] stated that he told this group of men that if his present machines were taken out, there would be no machines in the place at all. Mr. [] examined the pictures of EDWARD VOGEL, TONY PANZICA, "POOPY" MAENZA, [] FRANK MUSTERI, HYMEN LARNER, ALEX ROSS, JAMES RINT, and FRANK ELDORADO. From the above pictures, Mr. [] picked out the picture of EDWARD VOGEL taken at Palm Beach, Florida as one of the men in the group of three that visited him. However, Mr. [] stated that one of the "boys from the county" talked about being [] and being EDWARD VOGEL's []. Mr. [] stated that in this group of three men there was one man who was about 60, who wore a dark suit and a light grey hat and had big horn rimmed glasses. This individual was about 5' 10", 150 pounds and had the appearance of looking old or sick. When he came into the tavern, he asked for a glass of milk and settled for a glass of ginger ale. Mr. [] does not recall that this individual did any of the talking. He stated that the second man in the group was about age 42, 5' 10" tall, and wore a sport shirt with short sleeves. The third man was about 5' 9"-10" and looked very strongly like the picture of EDWARD VOGEL taken at Palm Beach, Florida.

b6
b7C

Mr. [] stated that this group of men came to his tavern about three times concerning the taking out of [] coin machines and replacing them with their own. Mr. [] stated that some of the remarks he recalled they made were "you've got a nice business here and you should take good care of it, and these machines," referring to [] machines, "might get chopped up if they stay." Mr. [] stated that after this group of three men called on him, one of [] bowling machines was damaged by acid. Mr. [] stated that at this time he was not at the tavern and did not see how the damage was done. Mr. [] stated that shortly after this, another bowling machine of [] was damaged, but this time [] was present when it happened.

Interview with [] File # 122-366on 8/5/58 at [] Date dictated 8/6/58
[] Illinois

by Special Agents [] and PAUL B. FRANKFURT/pam

From the pictures displayed to [] he readily picked out the picture of JAMES RINI as one of the individuals in the tavern at the time the acid was spilled. He also picked out the picture of MICHAEL BATTIATTO, also known as MICHAEL DE MARO, and the picture of ALEX ROSS as probably being the other two men in his tavern at this time. Mr. [] stated that he recalled definitely that JAMES RINI sat at the southwest corner of the bar near the bowling machine, while the other two individuals were at another part of the bar and engaged his attention. He stated that he recalls one of these individuals, who looked like BATTIATTO, talked with a very rough voice and made some remark that they pay all the protection in the county and also some remark was made concerning, why don't you get a game in here and get a cut of it. He stated that while these two individuals engaged his attention, RINI played the bowling machine game and then suddenly they all left together. He stated as soon as they left he examined the bowling machine and at first could not see the acid on it, but subsequently observed the acid and vial which had been thrown into the working parts of the machine. Mr. [] stated that he ran out to the parking lot and saw these men as they drove away and he obtained the license number, which was Illinois 1957 license 134443. He stated the car they were driving was a 1957 Chevrolet with a black bottom and a white top. Mr. [] stated that this license number was checked out and it showed that the above car was owned by MICHAEL DE MARO of 2244 North Cleveland, Chicago, Illinois. Mr. [] stated that he has not kept the vial that the acid was in.

Mr. [] stated that shortly after the acid was thrown, a runner came to his tavern and made arrangements for the "boys from the county" to meet [] and a meeting was set up. Mr. [] stated that [] came out to the meeting, but the other party to the meeting did not show. Mr. [] stated that the above activities all occurred within about a six week or two month period.

Mr. [] stated that about six weeks or two months after the acid was thrown, he had a stink bomb dumped in his tavern, which necessitated closing down the tavern for the balance of the day to get the smell out of it. He stated that this stink bomb was a half gallon flat brown bottle that was set in the south door of his tavern and spilled when the door was closed.

b6
b7C

CG 122-366

Mr. [] stated that up until this time he had not connected this stink bomb with the activities of the acid throwers and does not know why it was placed in his place of business. Mr. [] stated since the stink bomb was dumped in his tavern, he has had no more trouble and has not heard from the "boys from the county".

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate August 6, 1958

[] advised that he was a member of CIAA in the past, however, he has not paid dues to this organization since the first of the year. He stated that he is not a member of Local 134, the IBEW, and that he hires no employees. He stated that he joined the CIAA in June, 1957, and operates

He said that he went down to the office of CIAA voluntarily and paid his dues to the office girl. He said that he was never called into the office of CIAA in an effort to gain his membership, and that he does not know HYMEN LARNER or any of the individuals who appeared on the photographs shown to him.

b6
b7C

He said that two of his pool tables were damaged in August and September of 1957. He said that one of these tables was damaged at []

[] He said that this machine did not have a stamp on it, and that it was damaged by someone throwing acid on it. He said that the bartender at the tavern, whose name he did not know, had told him that two fellows came in and one kept the bartender busy while the other loitered near the tables, and when these two left, the bartender noticed that the table had been damaged. [] stated the other pool table that was damaged was located at the []

[] located at [] in Chicago. He said that this machine had a stamp on it, and he does not know why it was damaged, but he suspects that he was mistaken for someone else who was operating machines without a stamp. [] said that he talked to the son of the owner of the tavern whose name is [] told him that his wife saw two men damage the table. He said that he knows of no coin operator who refused to join CIAA. He said that all his machines are operated throughout the city of Chicago. He said that he buys his machines and the parts in the state of Illinois and services the machines himself. He stated that he neither knows nor has heard of any rumors of any payments made by the CIAA to any official of Local 134 or IBEW. He stated that he would be willing to testify to any information in his possession in this matter.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate July 30, 1958

On July 14, 1958, [redacted] advised that he is [redacted] Chicago, Illinois, that he has no employees and handles all his business alone. He advised he owns coin operated amusement machines and places them in various locations in Chicago, mainly the [redacted]. He stated he started this business in 1952 and built up his own route and locations. [redacted] advised the following story:

He joined the Chicago Independent Amusement Association (CIAA) in about July, 1957. He was not in favor of joining this group, but was advised by several other servicemen and operators to join for his benefit. He does not believe these were threats nor was he ever threatened or told he had to join. He received this advice from friends and believes it was because they felt he would be harmed by unknown persons if he did not join. He believes it was at Empire Coin Company where he was told to join or requested to join by the friends he knew at Empire.

b6
b7C

[redacted] went down to the CIAA office in July, 1957, and paid \$120 in cash for [redacted] having [redacted]. These labels were good for three months, July, August and September, 1957. The CIAA office was located at 188 West Randolph Street, Chicago. The person he gave the money to, who was in the CIAA office, was a RED JARVIS (phonetic) who he later learned was HYMEN LARNER.

[redacted] (phonetic), who is the [redacted] at Allied Coin, was also at the CIAA office and complained about a location at [redacted] where [redacted] had one of his machines, saying this was Allied's spot. [redacted] was told by RED JARVIS to take his machine out of there.

This is the only time he has met LARNER and the only time he visited the CIAA office. He was not threatened on this occasion.

Interview with [redacted] File # 122-366
on 7/14, 15/58 at [redacted] Chicago, Ill. Date dictated 7/15/58

by Special Agent S THOMAS J. GREEN and RUFUS THOMAS TYSON/lds

CG 122-366

He had a sixteen foot bowling machine located at [redacted] Chicago, on which acid was spilled in 1958. [redacted] witnessed this spilling of acid. [redacted] is employed at [redacted]. A label showing current dues was on the machine at the time, the label being one he had purchased from CIAA.

In 1958, the units in the rear of a fourteen foot bowling machine belonging to him were cut out. This machine was located at [redacted], premises being owned by [redacted] Mrs. [redacted] witnessed this damaging action and picked out ALEX ROSS and JAMES RINI as the individuals who committed this act.

b6
b7C

He stated prior to this act a [redacted] last name unknown, complained to CIAA that [redacted] had "jumped" this location at [redacted] and the CIAA told [redacted] to get out. He said [redacted] location owner, wanted him to stay and told [redacted] to take his machine out.

On one occasion he was told by [redacted] that an individual, who he believed was HYMEN LARNER, visited this tavern and told [redacted] to tell [redacted] to get a new label on his machine at that location because the one on the machine was out of date. LARNER left a card with [redacted] which bore the name THOMAS WATERFALL.

The labels purchased from CIAA reflect that the purchaser is paid up in dues to Local 134, International Brotherhood of Electrical Workers. He said SAM GREENBERG is the president of CIAA and he does not know of any connection between any official of CIAA and the International Brotherhood of Electrical Workers (IBEW), Local 134. He is not a member of IBEW, Local 134.

CG 122-366

He believes he was the [redacted] coin machine operator to join CIAA, the last man being a HERMAN KLEBBA who is located on the south side of Chicago. He heard that KLEBBA has had his machines damaged by being chopped and having bullets fired into them.

[redacted] State Grand Jury and [redacted] ALEX ROSS and JAMES RINI scheduled for [redacted] at [redacted], ROSS and RINI have been indicted for several offenses, including obstruction of justice.

Allied Coin in his opinion helped to bring in CIAA and he feels Allied Coin, Empire Coin, Milwaukee Avenue, [redacted] and First Coin, 1700 block North Avenue, have gained the most through the organization of CIAA.

Most of his equipment is purchased from Empire Coin at present. They are the sole distributor for United Manufacturing Company, 3401 North California. A short while ago, you could buy direct from United Manufacturing, but now all purchases have to be made from Empire for United Manufacturing equipment. Empire also handles equipment made by the Bally (phonetic) and the Genco (phonetic) Manufacturing Company. Empire also sells in the Detroit area and has control over a large section of Detroit if not all of it.

[redacted] located at [redacted] is a company where he occasionally swaps or purchases equipment. [redacted] will trade equipment, repair or change it and then resell the machine. [redacted] has also had one of his own machines hijacked.

[redacted] said that BILL WOLF was chased out of a spot or told to move a machine out of a location by CIAA. SAM GREENBERG, President of CIAA, then put a machine in this location. He also stated that [redacted]

b6
b7C

CG 122-366

[redacted] has had his machines damaged in locations; [redacted] has had his machines burned by acid in locations; [redacted] telephone number BR 8-0332 and HU 6-7254, had a machine hijacked out of the [redacted] last name unknown, has had machines burned by acid. He said [redacted] knows [redacted] WOLF. [redacted] and their places of business. [redacted] stated HERMAN KLEBBA knows of a [redacted] who was a coin machine operator on the south side of Chicago, and who had his machines damaged. [redacted] stated [redacted] has about [redacted] machines and some may have been damaged or hijacked at various locations. A man named [redacted] is the head of [redacted] located on [redacted] [redacted] has had their machines damaged at various locations.

b6
b7C

All of the above damage and hijacking was believed by [redacted] to be carried on by hoodlums in order to force operators to join the CIAA, buy labels, and obey instructions from CIAA concerning giving up locations. [redacted] stated [redacted] is acquainted with an [redacted] (phonetic) who are officials of CIAA. He said he helped to break up the old Coin Machine Service Association and feels he helped to start in the fight against and prosecution of the hoodlums involved with the CIAA, based on his complaint of damage to his machines.

He has heard of FRED "JUKE BOX" SMITH, EDWARD VOGEL, but does not know them personally. He does not know the present whereabouts of HYMEN LARNER.

He does not purchase any machines, or parts, from out of state but gets all equipment here in Chicago.

CG 122-366

He would be willing to testify to all that he is able to. [redacted] local grand jury and has been interviewed by newspaper reporters, in connection with the damage done to his machines.

On July 15, 1958, [redacted] advised that he sent a cashiers check number 462,182, dated October 11, 1957, to the CIAA for [redacted] at \$3 a label for his [redacted]. These labels were for the month of October, November and December, 1957.

b6
b7C

On about January 2, 1958, he sent a cashiers check, drawn on the same bank, number 472,921, dated January 2, 1958, for \$120 to the CIAA for [redacted] for the months of January, February and March, 1958. He stated he will keep the receipts for these checks and will make them available if they are desired.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate July 29, 1958

Mr. FRED T. MINTER advised that the Gateway Distributing Company was operated by him for a number of years. For some time, he had over one hundred machines in operation and employed two route men, and he himself worked on the route. About six months ago, MINTER sold out the company to the Empire Coin Machine Exchange, 1012 North Milwaukee Avenue, and they currently operate machines at locations formerly utilized by the Gateway Distributing Company, in addition to those they previously operated.

MINTER stated he joined the Chicago Independent Amusement Association (CIAA) when it first started operation approximately two years ago. He claimed he gave them about "two bits" originally for initiation and that he attended about four or five meetings of the organization at various hotels in Chicago's Loop, but did not get anything out of it so he just stopped going. MINTER advised he was unable to recall who ran these meetings. He stated that sometime in 1956, the CIAA issued some stamps for the amusement machines; then sometime during 1957, these stamps were changed to bear the identification of Local 134, International Brotherhood of Electrical Workers (IBEW). He added that these were issued through CIAA, however, and he expressed the opinion they were to unionize the machines. MINTER advised he was approached by telephone regarding obtaining the labels. He paid by check for about fifty or sixty machines, \$1 each month for each machine every three months for a total of approximately one year.

MINTER stated he had not been coerced into purchasing the labels, explaining that he made the purchases so as to keep things running smoothly. He added that he did not believe the organization did anything for him, did not believe in their activities, but did not want to become involved and went along. MINTER said he was never called into any office of CIAA, 165 East Ontario Street or otherwise. He talked to Mr. WATERFALL only by telephone and claimed he did not know him by sight. MINTER admitted having talked to other persons than WATERFALL, ostensibly from the CIAA, but he was unable to recall their names. MINTER claimed he did not know EDDIE VOGEL, though he had heard the name.

MINTER viewed photographs of VOGEL, ALEX ROSS, FRANK ELDORADO, TONY PANZICA, POOPY MENZA, and [redacted] but was

unable to effect an identification from any of them. He also viewed photographs of JAMES RINI and FRANK MUSTERI. He claimed he had seen these individuals at sometime, but did not know their names and did not recall in what connection he had seen them, or the circumstances under which he had met them. He added that he could not associate them with CIAA.

MINTER belatedly admitted that he had one machine damaged, which damage was said to be minor. He claimed the explanation "they" gave was that "they" did not know it was MINTER's machine.

MINTER refused to identify the "they", though he did not deny it might have been CIAA representatives. MINTER declined to elaborate further, saying it was an old machine and the damage was minor.

MINTER advised that neither of his men was approached by any representative of CIAA, the Syndicate, or any musclemen, and as far as he knows, none of the proprietors at locations of machines were approached by such individuals. MINTER claimed that he does not know to his own knowledge of any operators who refused to join the organization, although he admitted having heard stories that there were some. MINTER refused to furnish any information regarding such stories.

MINTER advised that he had only two machines in Cook County. All others were in Chicago and various parts of the city. MINTER also admitted that, when he operated the Gateway Distributing Company, he purchased machines out of Illinois. However, he no longer makes such purchases, and declined to name the companies involved or the persons from whom the purchases were made. In the beginning of the interview and several times in the course of the interview, MINTER stated he did not want to become involved and refused to furnish specific information. He stated that he would not testify.

MINTER claimed he does not know of any payments made by CIAA to any official of IBEW and expressed the belief that "JUKE BOX" SMITTY would have received such payments in his capacity as a business agent for the union. MINTER advised that he knows of "JUKE BOX" SMITTY as having been associated with the union, but has had no contact with him. MINTER further advised that,

when the labels were changed from CIAA to the union name, the payments continued to be made to CIAA.

On July 14, 1958, [redacted] advised he is a [redacted] (VI 2-60001). He stated about two years ago [redacted] and himself purchased about [redacted] coin machines and began operating a small route in their spare time. He stated he had a location at the [redacted], which he had worked up into a lucrative spot after four months which was taking in approximately \$50.00 per week. In September or October, 1956, he was informed by [redacted] that two men had come in and told him he would have to take out his machine and put in a machine belonging to someone else. He said that [redacted] had been so convinced by these men that he felt he would have trouble if he didn't remove his machine. He advised that as he was [redacted] and wanted no trouble or fight of any kind that he removed his machine and thereby lost the stop. Thereafter, he talked with [redacted] and inquired as to what he might do to avoid pirating of other stops. He was informed that an association was being formed to preclude such a situation and was given the name of WATERFALL and number to call.

He stated in order to avoid trouble and to keep present locations he called Mr. WATERFALL in December, 1956, and told him what had happened. He was informed he would also have to join the International Brotherhood of Electrical Workers (IBEW) Union as well as the Chicago Independent Amusement Association (CIAA) and send in an initiation fee of \$20.00 which he did. This was done on January 17, 1957. On January 1, 1957, he sent in a check for \$18.00 [redacted] CIAA labels. In all he stated he had talked to WATERFALL about two or three times and had never met him. He said it seemed to be a standard joke when talking with WATERFALL that he would mention "If you have any trouble, call WATERFALL". He stated he never attended any of the meetings and never purchased any machines out of state. FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate August 6, 1958

WILLIAM E. WOLF said he is generally called BILLY WOLF, and has been in the juke box and amusement devices business for approximately 25 years. He said he had belonged to several associations of machine owners and operators prior to joining the Chicago Independent Amusement Association (CIAA) and he believes he is or was also a member of Local 134 of International Brotherhood of Electrical Workers (IBEW). He said he never bought the number of CIAA labels to cover all his machines, and that he now has approximately 45 machines of various kinds in regular operation. WOLF said he is his own repairman, and also does occasional repair jobs for other owners of machines on a contract basis. He said he uses his residence, an upstairs apartment at 3449 North Southport Avenue, Chicago, telephone GR 7-0720, as his office, and usually does his repair work at various distributors' plants.

b6
b7C

WOLF said he joined the CIAA shortly after receiving a letter of invitation by mail, soliciting him as a member. He said he joined CIAA and bought the labels, in order not to have trouble with his machines or his locations, but he never bought enough labels to put on all of his machines. He said he thought he had been lucky that none of the machines he placed in locations without CIAA stickers had been damaged.

WOLF said he never himself had trouble with CIAA, although he knows a location owner, [redacted] Chicago, who had. He said that [redacted] had asked him (WOLF) to put in a "14-foot bowler", but he did not have one available, so he asked another owner, [redacted] no further identified, to put a bowler in [redacted] who belonged to CIAA, did put a bowler without a CIAA label into [redacted] and acid was poured on it within a day of its installation.

WOLF said that he had had some experience with being "bumped" from a location in the suburbs. He said he had some machines at a location in Franklin Park, but someone, he cannot remember who, warned him that "the boys" would not like that, and he had better pull his machines out.

Interview with WILLIAM E. WOLF File # 122-366

He said he accepted this warning, and pulled his machines out, and the following day learned that his machines had been replaced with machines owned by SMITTY, also known as FRED "JUKE BOX" SMITH. WOLF said he never made any complaint about being "bumped" in Franklin Park. Several times during this interview he mentioned "GLIMCO", which is presumed to refer to GIUSEPPE ("JOEY") GLIMCO, in connection with "SMITTY".

WOLF said that on another occasion he had had an established location "pirated" from him by SAM GREENBERG, President of CIAA. He said that before he knew whose machine had replaced his, he had made a formal complaint to CIAA headquarters, and had other operators make complaints, but nothing was ever done about it, and he finally let the matter rest. He could not recall when this had happened, but said he thought it had been early in the history of CIAA.

WOLF said he did not know HYMEN LARNER, had heard the name WATERFALL, but never met the man. He said he was never directly threatened with any kind of violence or damage, and never actually experienced either in his business.

WOLF said he knew of one former coin-machine operator who refused to join CIAA, and who left the coin-machine business, and now works as a repairman for the ABC Music Company. WOLF thinks, but does not know, that this man, BILL MORRIS, experienced coercion and might be willing to talk about it.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate August 6, 1958

On July 22, 1958, Mr. [REDACTED]

[REDACTED] of the same address, advised that he is a member of the Chicago Independent Amusement Association (CIAA) as well as a member of Local 134, International Brotherhood of Electrical Workers (IBEW). He said that he has no employees who are members of either CIAA or IBEW as he himself services his own machines.

[REDACTED] said that he joined CIAA approximately 1 year ago when it was first formed and operates [REDACTED] machines. He said that other operators told him about the CIAA Organizational Meeting which he attended. He said that he voluntarily joined CIAA as he felt it was a good worthwhile organization for [REDACTED] operator like himself.

[REDACTED] said that he was never in the CIAA office and was never asked to come into the CIAA office. He said that he recalls talking to SAM GREENBERG once telephonically concerning another operator trying to take one of his locations. He has never had any of his machines damaged or sabotaged.

[REDACTED] said that he did not know HYMEN LARNER, RED WATERFALL, or EDWARD VOGEL.

[REDACTED] said that about 1 year ago, the owner of the [REDACTED] which is one of his locations, told him at the time that a representative, name unknown, of the CIAA came into the [REDACTED] and inquired as to why there was not a CIAA label on the coin machine. This representative told the owner of the [REDACTED] to tell the operator who owned this machine to get a label on it or they would take it out. He said that the Bartender told him of this immediately and [REDACTED] who had the label, placed it on the coin machine the following day.

[] also recalls an operator by the name of HERMAN KLEBBA on the South Side of Chicago who refused to join the CIAA. He also heard rumors to the effect that there were other operators also not members of the CIAA but as to identity of these operators he could not furnish.

[] He has [] machines in locations on the South Side of Chicago and the balance outside the city in Willow Springs, Lemont, Harvey and Route 83. He pays CIAA \$1.00 per machine per month on only those machines in the city plus paying the city \$25.00 per machine for 1 year for a license. He pays nothing on the machines outside the Chicago City Limits.

[] said that in connection with KLEBBA he operates near 31st and Racine and had heard that KLEBBA had several machines stolen. [] meets KLEBBA occasionally at []

[] said that he himself has never had any machines damaged or sabotaged. He said that he has also heard of other operators, names not known, who have had machines stolen. He said that he heard talk of the Acid Incident with [] and it was general talk that musclemen of the CIAA were responsible.

[] said that he does not buy machines or parts for his machines outside of the state. Those parts he does not borrow from other operators he buys from Seeburg Wurlitzer, AMI (American Music Incorporated), 1st Coin Distributors and Chicago Coin Machine Company.

He said that he has heard of no payments made by CIAA to IBEW or any representative or official of the IBEW. He thinks that CIAA pays IBEW \$.25 on the dollar for each label to IBEW. Therefore for one machine, CIAA pays IBEW \$.75 for 1 quarter.

[] feels that the CIAA is a worthwhile association for the small operator, however, feels that \$3.00 per quarter per machine is too steep but knows that if he does not pay or belong to CIAA he would not stay in business too long as the bigger operator would take over his locations.

[] said that he would be willing to testify to any information furnished, however, would not testify alone for fear of retaliation.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate July 29, 1958

Mr. LEONARD R. STRAND, 4845 North Winchester, Chicago, Illinois, advised that he is the president of the Phonograph Service Corporation at 2436 North Cicero Avenue.

STRAND stated that he was a member of the CIAA, and that he joined shortly after the CIAA was organized. He has not paid any dues to the CIAA since September 6, 1957. Prior to that, he was paying \$3 per quarter for the twenty machines, which this corporation owns and operates. STRAND stated that the Phonograph Service Corporation has nine employees, seven of whom are members of the International Brotherhood of Electrical Workers (IBEW), Local No. 134. These employees are men who service these machines and also service the juke boxes, which the corporation has located throughout the city.

STRAND stated that he joined the CIAA voluntarily because his business associates were members of the CIAA, and he believed it was good for the coin machine business. The main benefit which was received from the CIAA was that another member of the CIAA would respect an established territory or route. He stated that he has never received any threats and that none of his machines have ever been destroyed or damaged. He attended the CIAA meetings, at the Midland Hotel and at the Congress Hotel, before he actually joined the CIAA. At these meetings the speaker from the CIAA was either SAM GREENBERG or TED RAYNOR, an attorney. No threats were made to anyone at these meetings.

STRAND stated that on April 10, 1957, he voluntarily went to the CIAA Office and talked to "RED" WATERFALL, at which time he paid him \$60 for the stickers on his machines. He has never been to the CIAA Office at 165 East Ontario Street, and did not know at that time that WATERFALL and LARNER were the same individual. He is not acquainted with EDWARD VOGEL. He has not been visited or contacted by any muscle men from the syndicate. He was unable to recognize photographs of any of these muscle men.

INTERVIEWS WITH OPERATORS WHO HAVE
PURCHASED COIN MACHINES OUTSIDE THE
STATE OF ILLINOIS OR WHO OPERATED
INTERSTATE.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate July 31, 1958

ELMER W. SCHMITT, Operator of the Photo Vend Company, 5400 West Cullom Avenue, Chicago, Illinois, telephone MU. 5-5788, advised that he is in the business of operating Arcade type machines and Photo machines since 1933.

In September of 1957, SAM GREENBERG, President of the Chicago Independent Amusement Association (CIAA), asked him to join the organization. He was told that he did not have to join and that he, SCHMITT, felt that he did not have to join and did not feel that he would derive any benefits from joining, inasmuch as he did not "operate" in any taverns. However, he joined because he did not want to be the only one who did not belong. He joined the organization in September, 1957, at which time the association gave him 15 labels, which were good until October 1, 1957, as an inducement to join. At this time he was operating machines in excess of this number but practically all of the machines were the Arcade Type machine and did not require a stamp. However, to cover the amusement type machines, he purchased 27 labels around the first part of October, 1957, at a cost of \$81.00.

b6
b7C

He is not a member of Local 134, International Brotherhood of Electrical Workers (IBEW), and his two employees are not members. He stated that the employees had no reason to join because they work on the Photo machines only.

He stated he was not too much in favor of joining the CIAA, because he did not operate in taverns but felt that if all of the others were joining, it would be foolish not to join. He also thought the protection of the association would be good. No threats, either direct or indirect, were made to him to induce his becoming a member. His joining was entirely voluntary.

He was never called into the office of the CIAA on Ontario Street or any other office and talked to by HYMEN LARNER. He met SAM GREENBERG at the association offices at 188 West Randolph Street in Chicago when he first

obtained the labels, but has never been talked to by anyone else in an effort to gain his membership.

None of his machines have ever been damaged or sabotaged, other than by the ordinary acts of vandalism. Approximately two years previously he had a Crane machine stolen from the C.T.A. station at Wilson Avenue and Broadway, but he was never able to determine who stole it. He did not believe it was "hijacked".

He did not know HYMEN LARNER and was unaware of his present whereabouts, nor did he know EDWARD VOGEL and did not know if either of them acted as representatives of the CIAA.

After viewing photographs of ALEX ROSS, JAMES RINI, FRANK ELDORADO, FRANK MUSTERI, TONY PANZICA, "TONY" MAENZA, [REDACTED] and EDWARD VOGEL, he stated they were unknown to him and he had never heard of their names being mentioned in connection with the CIAA.

b6
b7C

As far as he knew, none of his location owners have been visited by any of the men mentioned, either as representatives of the CIAA or the "Syndicate". He stated that he had heard rumors to the effect that acid had been "dumped" on some machines but he was not aware of the truth of this information nor did he know of the operators who owned the machines.

He advised that he operates his machines along the North Shore Line stations, from Adams and Wabash Avenue, in Chicago, to Racine and Kenosha, Wisconsin.

He buys all of his amusement games and machines in the City of Chicago, with the exception of his photo machines, which he purchases from the Auto Photo of California, Los Angeles, California. He services his machines himself.

CG 122-366

He knows of no payments made by the CIAA to any official of Local 134, International Brotherhood of Electrical Workers (IBEW), or has heard of any rumors of any being made, and has never heard of payments being made to "JUKE BOX SMITTY".

He stated that he would be willing to testify to anything that he has stated in this interview.

INTERVIEWS WITH OPERATORS REFERRING
TO EDWARD VOGEL'S CONNECTION WITH THE
COIN MACHINE BUSINESS.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate July 31, 1958

JOHN JOSEPH LEPTICH, 5735 West Waveland Avenue, Chicago, Illinois, advised that he operates the City Distributing Company, and is the owner of over 50 machines, of the Arcade Type, which he has placed in bowling alleys in various locations in the City of Chicago. He also has amusement machines, as scales, bowling machines, pool tables, and similar type machines.

In 1955 he joined the Coin Machine Service Association, at which time he paid dues of 50¢ per machine. His reason for joining was that he thought the organization of the operators was a good thing for all. He joined the Chicago Independent Amusement Association (CIAA) in 1956, for the same reason. He was in favor of the CIAA, and joined voluntarily, there were no threats made to him, directly or indirectly, to induce him to join the association.

He operates the business solely with his father-in-law, OSCAR IERMANN, who was a vice-president of the CIAA. LEPTICH stated he was formerly a member of Local 134, International Brotherhood of Electrical Workers (IBEW), having terminated his membership therein on April 12, 1956.

He was never called into the office of the CIAA on Ontario Street or any other place and talked to by HYMEN LARNER or anyone else in an effort to gain his membership in the CIAA.

None of his machines have ever been damaged or sabotaged; with the exception of ordinary acts of vandalism.

He bought labels for his amusement machines, 30 at \$3.00 apiece, twice, and at these times he went to the association office at 188 West Randolph Street, at which times he saw HYMEN LARNER, but had no conversation with him at those times, otherwise he did not know him, nor did he know of his present whereabouts. He knew "EDDIE" VOGEL, having had an occasion about ten years previous to try to put one of his machines in Morton Grove, Illinois, and he was told by the Chief of Police there that he could not place his machines in this town because VOGEL was barred from this town, and until he was allowed in the town, no one else could have any machines there.

b6
b7C

The only individual who he knew that did not join the association was [REDACTED] and he stated that he had heard that [REDACTED] had been "muscled" up a little but did not know this for a fact or who the persons were who were supposed to have done the "muscling".

He buys no machines or parts, new or used, from outside the State of Illinois. Almost all of his machines he buys in the City of Chicago.

He knew of no payments made by the CIAA to any official of Local 134, IBEW, nor has he ever heard of any rumors of such payments being made.

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate 8/6/58

On July 11, 1958, LEO ZAITLIN, 6920 North Sheridan Road, AM 2-1546, stated he operates as the S&L Distributing Company, and although it is a trade secret, he operates about 250 machines for First Coin, 1720 West North Avenue. He stated he has been in the coin machines business for 14 years and services and acts as a collector for First Coin. He advised that there had been five or six previous attempts to form a coin machine association in the past and that he did not join the Chicago Independent Amusement Association (CIAA) until early in 1957, when he paid about \$300 every three months for over 100 machines. He stated he joined the CIAA voluntarily and had no machines damaged. He recalled, however, that one CALVIN COY, a coin machine operator, had one new machine damaged. He also advised that one [redacted] (of First Coin) allegedly had some damage done to his machines. ZAITLIN advised that in the beginning the CIAA was merely a group of operators trying to form an association and that after a while he understood that somehow the union had been voted in and were running the CIAA. He felt that this was probably done through SAM GREENBERG and that his liaison would have been through "JUKE BOX" SMITH.

b6
b7C

ZAITLIN advised in 1955, he had a coin machine at Funk's Tavern in Tinley Park and also a machine in a spot across the street from Funk's, and that he was informed that the machines in these places were EDDIE VOGEL's and that to avoid having any trouble it would be better if he took his machines out, which he did. He also stated that HY POLO machines had been taken out of Funk's in Tinley Park in 1955. Also, he stated that at [redacted] is a place owned by [redacted] who have been active for many years in this location and that they would be in a position to furnish information concerning activities in this area.

Mr. PETER PASKO, who resides at 2245 Shakespeare Avenue, Chicago, Illinois, advised that he operates the P&S Amusements [redacted] PASKO said he joined the Chicago Independent Amusement Association (CIAA) about five years ago, about two years after he [redacted] who resides at [redacted] was PASKO's [redacted]

PASKO said that, at one time, he operated about 40 machines and is currently operating 32, all of which are in Chicago, primarily on the Northwest Side. Mr. PASKO said he obtained the locations by personal soliciting when he first started in business. PASKO said there had never been any coercion by anyone, demanding that he join CIAA, but he [redacted] received a letter, very friendly in nature, inviting them to attend a social meeting of the CIAA, in order to find out about the organization. He said at this meeting SAM GREENBERG explained the purpose of the organization and it seemed like a good idea at the time. PASKO felt that the joining would be to his advantage. He said meetings were held quarterly, mostly at the Congress Hotel, and included a regular business meeting where everything regarding operation of amusement machines was discussed, with the exception of what happened to membership dues, and what happened to money paid in for the stamps.

b6
b7C

PASKO stated that, as near as he can recall, about \$20 was paid in initially, but he is not sure whether that was the total for [redacted] or whether he paid that much for himself. In addition to this, \$1 for each machine per month was paid by check to CIAA. He said labels for the machines, for which money was sent, were received in the mail, and for about six to nine months, these labels bore only the designation of CIAA, after which they were changed to Local 134 of the International Brotherhood of Electrical Workers (IBEW). PASKO denied ever being a member of Local 134, IBEW, and has no employees who are members. He said he has [redacted] who serviced the electrical operations of machines, but he does not know if [redacted] is a member of the union. PASKO said he has never been called into any office of CIAA and does not know of the address at 165 Ontario. He said he never had any machines damaged or sabotaged.

Interview with Mr. PETER PASKO File # 122-366on 7/24/58 at 6257 West Tyler Date dictated 7/25/58by Special Agent s [redacted] /mjn

PASKO advised that he knew TOM WATERFALL as the person, who was contacted if there was a dispute over the location of a machine, and had the understanding that WATERFALL would contact the owner of a location and straighten out the matter. PASKO said he talked to WATERFALL by telephone on one occasion, when a location owner wanted a different machine but PASKO was unable to afford the type wanted, and when someone else put in such a machine, PASKO pulled his machine out.

PASKO viewed photographs of the following individuals: JAMES RINI, FRANK MUSTARI, ALEX ROSS, EDWARD VOGEL, FRANK ELDORADO, TONY PANZICA, POOPY MENZA, and [REDACTED], but was unable to identify any as persons he had seen and did not recognize any by name. b6 b7C

He said he did not know of any of his location owners ever being visited by a CIAA representative, by the Syndicate, or by any muscle men, and does not know of any coin machine operator who refused to join CIAA. He stated all his machines and service for them have been obtained in Illinois.

PASKO advised that he had heard of a "JUKE BOX" SMITTY, in connection with the juke box industry but does not know of him ever being associated with CIAA. PASKO stated he would decline to testify.

[redacted] advised he is in partnership with [redacted] and that they operate approximately [redacted] coin operated machines as the [redacted] at this address.

In about January, 1956, [redacted] of the Chicago Independent Amusement Association (CIAA) and he voluntarily worked and served in an effort to make this association a success. b6
b7C

He stated he is a member of the Recorded Music Service Association as well as being a member of Local 134, International Brotherhood of Electrical Workers (IBEW).

[redacted] related that he attended about two-thirds of the meetings of the CIAA and professed to know very little concerning how it was that HYMEN LARNER was put into the office of the CIAA as Executive Secretary. He stated he did not want to "get involved". He related, however, that he had given WATERFALL all of the books and records of the association and that he had never met WATERFALL before and did not know EDWARD VOGEL. He said that WATERFALL had not mentioned to him the manner in which he was appointed to the position of Executive Secretary.

[redacted] related that about 90 per cent of his equipment is purchased in Chicago, however, he did purchase a couple of 8 foot shuffle alleys from some unknown company in Ohio.

[redacted] related that none of his machines had ever been damaged as he had purchased CIAA labels for most of them and he did not know of any operator who had refused to join the association.

He stated in the beginning he had actually assisted in the operation of the CIAA for about a year when the dues were 50 cents per machine per month and they had about 35 to 40 members. He said that each month the dues paying members seemed to be falling off and there seemed to be a feeling on the part of some of the operators that they should have an association similar to the juke

Of the [redacted] that he operates in Chicago locations, he did not believe that any of these machines were purchased out of state. In particular, he stated he purchases machines from Valley Manufacturing Company, located in Michigan. He stated that he has a service man who takes care of his machines, and that this man is not a member of Local 134. He remarked that he did not attend any of the Chicago Independent Amusement Association (CIAA) meetings but that he did contribute some money to be used toward the purchase of hot dogs and coffee to be served at one of the meetings. On one occasion he stated he met WATERFALL at the CIAA Office at 188 West Randolph, on which occasion he was with OSCAR IREMAN who had some business with WATERFALL. He did not talk to WATERFALL, however. He recalled that OSCAR IREMAN had a problem concerning the removing of his coin machines from a bowling alley which had closed for the summer and he wanted to know if he would jeopardize his location if he removed his machines for only the summer. He was apparently told that he would have no trouble from the association on this location. [redacted] advised that SAM GREENBERG appeared to be the spark plug of the association and also that there was a close tie-in between the association and Local 134. He further understood from talking to other operators that at a CIAA meeting there was a hand raising vote of operators, which voted in the union to spearhead the policing of CIAA Policies and to enforce their decisions.

Mr. [redacted] advised the only person whom he could recall having his machine damaged by acid was [redacted]

[redacted] He said he had seen this machine and that the acid had burned a hole in the cloth of the pool table about 12" across. He estimated the damage done to the pool table was \$25.00 for replacing the cloth cover.

BRENNER explained that during May, 1957 he purchased approximately sixteen coin machines from a [redacted] who at that time was a member of the Chicago Independent Amusement Association (CIAA). Since these machines were registered with the CIAA, BRENNER explained that he continued to be a member of this association since its purpose was for each member to respect the coin machine locations of other members. He added that he is not a member of Local 134 of the International Brotherhood of Electrical Workers (IBEW) since he does not service these machines and employs a part-time serviceman named [redacted] who is a member of Local 134 and is employed by the [redacted] Chicago, Illinois.

His last payment to the CIAA was for the last quarter of 1957 and has discontinued these payments in view of the adverse publicity in the newspapers concerning the CIAA. He said that the initial purpose of this association seemed good and that he joined it voluntarily. He added that he only attended one meeting of this association which occurred during the latter part of 1957. Those meetings totaled about fifteen minutes.

In 1956 he received notices through the mail of the organization of the CIAA and also noticed the union labels on coin machines at various bars and other locations. He attended a CIAA organization meeting in the late summer or early fall of 1956 at the Congress Hotel Pine Room, at which time he decided it was to his benefit to join inasmuch as all other operators seemed to be joining. No threats, direct or indirect, were used to his knowledge and no forceful methods were used to cause him to join CIAA. He cannot recall who the leaders of the CIAA were nor who was in charge of the meeting. He attended one other meeting at this location. He did not desire to associate with men in this group since he felt they were not desirable as friends.

He has heard of EDVOGEL through reading about VOGEL in the newspapers but does not know, and has not heard of HYMEN LARNER, SAM GREENBERG, or other people connected with the CIAA.

He does not know of any coin machine operators who were forced to join the CIAA, nor of any who had their machines damaged in any manner. He has not had any trouble in his locations or with his machines and feels since he is a paid up member of the IBEW and the CIAA that he will not have any "troubles."

He has been getting [redacted] for his machines from the CIAA, except when he first joined CIAA during the last quarter of 1956 when he was operating [redacted]. He obtains his machines and parts from Colvin, Atlas, and First Coin, all of Chicago.

INTERVIEW REPORTDate August 8, 1958

On July 21, 1958, CALVIN COY, 5021 North Normandy, advised that he began operating coin machines about the time that the Chicago Independent Amusement Association (CIAA), was organized in 1955 or 1956. COY stated that he recalled shortly after he began operating that he received word that a meeting was to be held in the 900 block of Diversey, exact location and name of person whose home used was unknown, for the purpose of deciding whether the coin operators of Chicago should band together in some sort of protective organization. COY stated that he was favorably impressed with the idea and voted in the affirmative for such an organization which was subsequently established as the CIAA.

COY advised that this organization was a good thing for approximately one year at the end of which time meetings were less frequent and the original purpose of the organization appeared to be lost. COY stated that he received another letter requesting his presence at the Pine Room of the Congress Hotel for the purpose of inviting the coin machine operators to join the union, local 134. COY stated he did not know the exact title of the union except that it was an electrical union. The name of the International Brotherhood of Electrical Workers (IBEW) was mentioned and COY stated that was the union involved. COY was unable to furnish any specific information concerning the details of this meeting except to state that it was agreed that coin operators would join this union and COY on that evening agreed to join. COY stated that he did not feel he was coerced or in any way forced to join the union however, he never attended any meetings of the union nor did he ever receive a union card. He was unable to state whether the union had an official representative and did not know any of the officers of the local to which he belonged. COY stated that he was not sure whether there was any difference between the CIAA and the IBEW local 134. Adding that although he was a union member all dealings that he had concerning his machines and his locations were with the CIAA.

COY stated that at no time was he ever threatened either directly or indirectly and that after the formation of the CIAA and subsequent joining of the union he did not fear for his location or his machinery. In regard to the above COY stated that at no time had his machinery been tampered with and explained that his mind was easier about the locations he occupied inasmuch as he had been given to understand that the organization of the CIAA and the union would protect his interest in these locations. He stated that prior to this time he had never feared concerning violence, merely the fact that his locations were open to any and all competitors.

COY stated that the name HYMEN LARNER was unknown to him and that he knows of no individual bearing this name who held a position in the CIAA or the union. COY advised that on two separate occasions he made a telephone call to CIAA Headquarters at 165 East Ontario at which time he spoke with "RED" WATERFALL. However, the nature of the conversations and the reasons for calling were unrecalled. COY stated that he could not recall making a personal visit to CIAA Headquarters at the aforementioned address.

COY advised that he was unaware of any visit that musclemen or other persons dealing in coercion might have made to any of the owners of his locations, or any of the other members of CIAA stating that he had no information concerning any CIAA member who had had trouble with the syndicate, union or CIAA. He stated that he could not recall any operator who had not joined the CIAA, at this point several photographs were shown to COY who was unable to identify any of the photographs as persons known to him or connected in any way with the CIAA or the union. Among these photographs was a photograph of EDWARD VOGEL. COY

CG 122-366

stated that he knew the name EDWARD VOGEL as a result of newspaper publicity but did not know the individual personally nor could he recognize a photograph of him.

In connection with FRED "Jukebox" SMITH, COY stated that he knows the name but is unable to state whether this person is connected with the union or CIAA. Adding that although the name is known he has never met nor seen SMITH.

COY stated that he operates 30 coin machines and up until May, 1958, had paid \$1.00 per month for 9 machines which entitled him to a label indicating membership in the CIAA. COY stated that he paid this bill quarterly but has made no payments since May inasmuch as he feels the organization and possibly the union no longer exist.

Mr. [] stated that when the publicity broke in the newspapers concerning the CIAA, he was at a union convention in Florida and issued a statement that he knew nothing at all concerning the relationship of the CIAA and Local 134, IBEW. He stated that when he returned, he learned there was such a contract as described above in existence.

Mr. [] stated that of the time he [] of Local 134, IBEW, no money was received from the CIAA. He stated that Local 134 receives its income from dues, initiation fees and other legitimate union functions, but no money for any purpose was received from the CIAA. b6 b7C

FEDERAL BUREAU OF INVESTIGATION
INTERVIEW REPORTDate July 31, 1958

Mr. RAYNOR, an attorney with offices in Room 416, 134 North LaSalle Street, Chicago, Illinois, stated that in the latter part of 1955 he received a telephone call from a Mr. [redacted]

[redacted] that a relative of his, who was interested in the manufacture of coin operated machines, had told him that there was to be a meeting of the coin machine operators at [redacted]

[redacted] Chicago, Illinois, and that he, Mr. RAYNOR, may be interested in attending.

Mr. RAYNOR stated that he did go to this meeting but arrived late and did not hear any remarks made by Lieutenant [redacted] of the Chicago Police Department. Mr. RAYNOR stated that subsequently a meeting was held in the Midland Hotel which he attended and was asked to make a few remarks, which he did, but he was not elected to represent the association as counsel or executive secretary and that [redacted] by the name of [redacted]

Mr. RAYNOR stated that [redacted] was not satisfactory to the association and that he received a call from them some time early in 1956 and became [redacted] and [redacted] for the Chicago Independent Amusement Association (CIAA).

Mr. RAYNOR stated that he immediately began taking steps for the benefit of the association such as attempting to get favorable regulations passed by the city council, whereby ~~certain games would be allowed to operate~~, such as pool tables and schuffle alleys, getting the right to transfer the licenses from one machine to another when it has been discarded for obsolescence and other legitimate regulations that would benefit the coin machine industry.

Interview with MILTON T. RAYNOR File # 122-366
on 7/22/58 at 134 North LaSalle Street Date dictated 7/25/58
Chicago, Illinois
by Special Agent PAUL B. FRANKFURT and [redacted] dan

Mr. RAYNOR stated that at the meetings he recalled there was always an undertone or rumble of a desire to obtain some security and prevent jumping or pirating of locations. Mr. RAYNOR stated that this matter finally came in the open and he then suggested that disputes as to locations be brought to his attention and he would attempt to arbitrate them. He stated that this phase of the work then became so burdensome and time consuming that it was no longer profitable for him to act as counsel or executive secretary of the CIAA because he was only being paid \$200.00 per month which he stated was the only money drawn from the treasury of the CIAA with the exception of incidental expenses.

Mr. RAYNOR also stated that this clamor for location security became more and more of an issue and about this time there was a rumble of trouble for the coin machine operators in the Hudson Avenue Police District. This trouble involved arbitrary loss of locations and damage to machines but the source of the trouble was not known to him. Mr. RAYNOR stated that inasmuch as he was unable to provide the type of protection needed for this trouble and inasmuch as the work involved became too burdensome for the fee that was paid, he became very disgusted with the CIAA and resigned about the end of 1956. He stated that while he was counsel and executive secretary for the CIAA, he knew of no illegal activities being carried on such as spilling of acid or sabotage of machines of nonmembers.

Mr. RAYNOR stated that when the CIAA made a contract with Local 134, the International Brotherhood of Electrical Engineers, he was out and had nothing to do with that contract and does not know who negotiated it. Mr. RAYNOR presumes that the coin machine operators looked to the jukebox industry as an example of what could be done to obtain location security and he would presume that the officers of the CIAA approached PHIL LEVIN, who presumably would have referred them to FRED "JUKEBOX" SMITH who in turn probably drew up a contract for them and furnished WATERFALL as the executive secretary.

CG 122-366

Mr. RAYNOR noted that SAM GREENBERG, the President of the CIAA, and PHIL LEVIN, who at the time was head of the Recorded Music Association, were neighbors and were well acquainted with each other. Mr. RAYNOR recalls that he did attend a golf outing of the jukebox operators at which time he did see PHIL LEVIN but he did not discuss any association business with him.

Mr. RAYNOR stated that he does not know any man by the name of WATERFALL or where he came from and what his past connections have been. He stated he has heard of EDWARD VOGEL but he does not know of any connection VOGEL has with the CIAA.

Mrs. [redacted] was unable to recall what this individual looked like other than he wore a sport shirt, was holding his glasses in his hand, and apparently had used them while writing out the application for the driver's license, and he complained about the type of pens available at the currency exchange.

The house box for the 19th floor is in the riser shaft in the elevator lobby vicinity. According to [redacted] source the service cable for Vogel's apartment is located in a closet which is backed up to the elevator lobby. From this the service cable enters a cabinet housing the necessary relays and switching gear for the telephone system within the subject's apartment. From this cabinet via floor conduit telephone service is distributed throughout the apartment. In the large living room in the northwest corner of the apartment wherein the bar is also located there are five phone jacks installed through which portable telephone instruments can be inserted at will. A permanent hold button type instrument is installed in the small bath just off the living room. Two button sets in the bath just off the master bedroom and there is one permanent phone in the kitchen.

Various phone jacks are located in each room as indicated by "pj" on diagram circled with "x" inside.

On 9-9-58 Miss [] U.S. Auto Leasing Co., Fifth Ave at Jackson Blvd., Chicago, advised SA RALPH R. HILL and the writer that the license number on 1958 Cadillac Sixty Special leased by the Deluxe Cigarette Service from her company had been changed. This number is now 470-148, changed from 499 485.

MISS [] also advised that when the car was brought in to have the license changed it was driven by someone other than NATHAN LADON who was listed on U.S. Auto records as being the authorized driver for the car. MISS [] questioned the driver about this and was told that drivers had been switched and that JOSEPH D. PAGNATELLO, 6918 So. Paulina, Chicago, would henceforth be the driver of the car.

According to MISS [] she received a phone call one day early this summer from a representative of Deluxe, identity unrecalled, who requested that the plates on the above car be changed. MISS [] did not question the reason for the request but mentioned that there would be a service charge for the change. The Deluxe representative did not question this, but said the car would be brought in so that the switch could be made. Shortly thereafter it was brought in by a driver who identified himself as PAGNATELLO and the switch was made.

A copy of this memo is being placed in the file on ALEX since this car has been noticed being driven by BUTCH LADON, ALEX's chauffeur-body guard with ALEX as a passenger. It is also being placed in the file on EDDY VOGEL due to the fact that Deluxe is VOGEL's firm and it is suspected that JOE PAGNATELLO is now VOGEL's chauffeur.

Interviews With Juke Box
Operators and Location Owners

b6
b7C

On September 9 and September 29, 1958, WILLIAM H. NYLAND, 5152 Suffield Terrace, Skokie, Illinois, telephone number OR 3-8174, was interviewed by SA PAUL D. FRANKFURT. He advised that until about a year ago he was employed as Manager of Western Automatic Music, 4206 North Western Avenue, Chicago. While employed with Western Automatic Music, he served as Secretary and Treasurer of the Music Operators of Northern Illinois, which is a legitimate association of juke box operators in Cook and Du Page Counties.

He stated that BOB LINDELOF, General Music Corporation, 8020 Lincoln Avenue, Skokie, and [REDACTED]

[REDACTED] Illinois, have been under terrific pressure from Apex Amusement. He estimated that during the past ten years Apex has taken about 65 locations from various juke box operators in the County. He further estimated that Western Automatic Music lost about 25 stops over the past 10 years to Apex.

It was the considered opinion of Mr. NYLAND that Apex, controlled by EDDIE VOGEL, and AMI, controlled by JOEY GLINCO, a notorious hoodlum, operate about 2700 juke boxes and are the largest single operators of juke boxes in the area.

He said that Apex makes drives on new locations from time to time when they go up one side of the street and down the other taking locations. In most cases it is a straight solicitation. He said if they don't get the location that way they use intimidation. Eventually the location owner will call the operator stating he has taken all he can and that there is nothing he can do but take from Apex. In one instance that he was aware of, the County Police approached the location owner at [REDACTED]

[REDACTED] and suggested to them that it would be better if they took their juke box from Apex.

CG 92-345

Mr. NYLAND stated that in the above instance he had signed a [redacted] who was opening up a new place and had already installed a juke box which was in operation. In spite of this, Apex delivered a juke box to the same location. A few days later he stated he received a call from EARL KIES of Apex wanting to know why he had placed a juke box in [redacted] and that didn't he know that [redacted] was theirs. NYLAND told KIES that he wasn't aware that [redacted] belonged to anyone but to the State of Illinois. He said he received several other phone calls from KIES wanting to know when they were going to remove their juke box, but that he refused to take it out and the location owner refused to be muscled. Subsequently the County Police, including two men in a squad car, approached [redacted] and suggested they take from Apex. Finally after several weeks when their wishes were not complied with, Apex removed their juke box. NYLAND stated this is the only time he was ever successful in withstanding pressure from Apex.

b6
b7C

He stated he lost a juke box location to Apex at a [redacted] known as the [redacted]. He said that [redacted] is believed to rent trucking space from a building used as a book in the rear and that through this medium pressure was brought to bear on him and in [redacted] told him there was nothing he could do and that he had to take from Apex.

He said the Swiss Chalet, 6300 West Dempster, Morton Grove, Illinois, was a place that was changing hands a year or so ago and has since changed hands several times. He said they had a lot of pressure to change to Apex and that while he was there talking to the owner, a representative of Apex came in and the location owner introduced him, but he did not recall his name. He remembered, however, that the representative remarked that he was not picking on him by taking his location, but that he had orders to get this location and that he had to carry out the orders. NYLAND commented that coin machine games involving race horses were in this location and he thinks they belonged to Apex. He said that whenever a gambling type game is in a location they generally have trouble and that is eventually lost to Apex.

CG 92-345

He said Mr. [redacted] had considerable trouble with locations in Cicero. He said they were being harrassed by the Board of Health, and every type of Village Board in the City if they refused to take from Apex. They were told that their troubles could be solved by taking from Apex. He said that Mr. [redacted] was on vacation at present, but would return soon. In one instance he stated Mr. [redacted] loaned a location owner \$500.00 on the strength of his taking his juke box and that then the location owner was approached by the Apex muselo in Cicero and that he was mighty scared until he picked up his machine and lost the stop.

b6
b7C

NYLAND stated [redacted] Illinois, telephone number CL 3-2070, had difficulty with Apex on a number of locations. He stated at one time the location owner got a call from the Sheriff's Office, but no name was given and requested his appearance there. He stated when he got there to see Sheriff DABB, the Sheriff was not in his office, but EDDIE VOGEL was in the Sheriff's Office sitting in the Sheriff's chair. This incident occurred about [redacted]

Concerning the purchase of records, he stated "JUKE DOX" SMITH suggested it would be a good idea to buy their records from Lormar, not necessarily to avoid trouble, but because he would like to see them buy from them.

He mentioned that a restaurant at Highway 66 and Manheim Road had trouble with Apex. He stated they had a juke box which was not an Apex machine, and that Apex tried for years to get Western Automatic Music, the operator, out of there. Subsequently the location changed hands and they were told to pick up their machine. The fellow that told him to pick it up claimed to have worked for Apex and claimed to have worked for EDDIE VOGEL and that EDDIE bought the place for him and his wife. Since then he stated the place burned to the ground.

CG 92-345

He recalled that a person named [redacted] who resides in the [redacted] on the [redacted] of the street, [redacted] was originally a collector for VOGEL. He stated [redacted] drank too much so they made a delivery man out of him and believes that he still may be working for VOGEL.

b6
b7C

He also stated that the [redacted] [redacted] Apex and might possibly be able to furnish some information.

Concerning Atlas Music Company, which company distributes Seeburg Juke Boxes, he stated he believed them to be involved with Apex as they have been buying up juke box routes. He stated at times when the Music Operators of Northern Illinois had a dispute over a particular location and tried to trace the origin of a Seeburg machine and, thereby determine the name of the new operator, which generally was Apex, they received little co-operation from Atlas. In most instances they were informed that Apex bought direct from the Seeburg factory.

He was of the opinion that [redacted] who [redacted] Illinois, and resides at [redacted], is connected with Apex. He related in 1945 - 1946, about 65 locations were pirated from various music operators. The best locations went to Apex and the rest were divided between North Shore Music and Best Music who are located in the vicinity of 2400 or 2500 on West Chicago Avenue.

In 1953, he stated [redacted] [redacted] was visited by someone who announced he was taking over as her partner. Shortly thereafter, her husband died of a heart attack, but he did not believe that the partner moved in. He thought possibly Apex might have been responsible.

CG 92-345

He also stated that VINCENT ANGELERI, A/A Swingtime Music, 4815 West Diversey, Chicago, had a similar experience.

He stated at Neur's, a restaurant on the East Side of River Road, one mile South of Higgins Road catty corner from the River Road Motel about two years ago this location had a great deal of trouble with Apex. He stated Western Automatic had a juke box in there and that Apex tried to muscle the location owner and intimidated them to the point where they had to close their place and the father had a nervous breakdown. He understood they closed for about a month after letting things cool off and they finally reopened after buying their own juke box, commenting that this was the only way that they could operate. He stated this place is [redacted] and is nicknamed [redacted]

b6
b7C

He further stated that at Irving Park Road, just East of Bensenville, on the North Side of Irving Park, near the railroad tracks is another place that had trouble with Apex. He stated just past the stop sign is a new restaurant building that has now changed hands about four times. The building was put up by a farmer who lives behind the restaurant. He stated he approached this farmer at one time to talk juke box business and was informed by the farmer that if he wasn't from EDDIE VOGEL he was wasting his time.

Mr. NYLAND summed up by stating that in any place outside of the incorporated areas, which was not considered a village or town, Apex generally considered this as their own and that legitimate operators were out of bounds to solicit in these places. In the city or towns in the county, the legitimate operators were tolerated. He further stated that most of the locations lost were to people of Italian descent and that these people seemed to be more susceptible to the pressures and muscle of Apex than any other group. Usually they stated Apex was able to do them a good turn or would be able to help them.

CG 92-345

On September 26, 1953, Mr. [REDACTED]

[REDACTED] was interviewed by SA PAUL B. FRANKFURT. He advised that the only interstate transactions his company has are in connection with the purchase of Columbia Records. He stated he buys his records from the Columbia Distributor locally in Chicago, but that payments are made direct to the Columbia home office at 1473 Barnum Avenue, Bridgeport, Connecticut. Purchases of juke boxes and records are all made from Illinois distributors. Mr. [REDACTED] advised he had lost a location to Apex Amusement through what he thought was due to undue pressure. He said that competition is keen to obtain good juke box locations and that on October 1, 1957, one [REDACTED] also known as [REDACTED]

[REDACTED] had made arrangements to use his juke box. He stated in order to secure this location he made an outright gift of \$200.00 to the location owner and in addition made two loans to him, totaling \$265.00. He said this practice is not unusual to secure juke box locations and that he has heard of outright gifts as high as \$500.00 to secure good locations. He said after he had completed the loan and made the gift, a collector from Apex, known only to him as "RED", approached [REDACTED] allegedly telling him that Cicero was their territory and that [REDACTED] did not belong in Cicero.

He said that the tactics used by "RED" had so frightened the location owner his fear of reprisal and in addition to the fact that the Cicero Health Inspector had threatened to close his place of business because only one washroom was available on the premises. Because of this pressure, the owner insisted that he remove his juke box which he did and that subsequently Apex's machine was moved in. Mr. [REDACTED] stated his gift of \$200.00 was returned but that the owner still owes him \$230.00 on the original loan, which he does not expect to be paid.

CG 92-345

On September 22, 1958, [redacted]

[redacted] advised he has known EDDIE VOGEL for many years and that his acquaintanceship stems back many years to when he was an [redacted] makers of slot machines. He said that he had assisted in delivering slot machines purchased by EDDIE VOGEL, but that in [redacted] he had secured the distributorship for [redacted] Juke Boxes. He said that Apex has been one of their customers in the purchase of these boxes. He said he does not know VOGEL socially and has never been in his company. He said that EARL KIES, Manager for Apex, and JULIUS ZIMBEROFF, Executive for Apex, are the people with whom he does business at Apex. Mr. [redacted] said he has not heard of any pirating of locations or undue pressures, on behalf of Apex. He also commented that he wanted to state emphatically that EDDIE VOGEL has no interest whatsoever in [redacted]

b7D

On September 12, 1958, VINCENT ANGELERI, 4815 West Diversoy, owner of A/A Swingtime was interviewed by SAs PAUL B. FRANKFURT and LESTER K. ESAREY. He stated he has been in business since 1937, and presently operates about 175 juke boxes. He stated he was born in Italy and came to this country when he was 17. He now is 58. Mr. ANGELERI was reluctant to discuss any trouble he has had with Apex, however, he did admit that he has lost five or six locations to them during the past five or ten years. He said this was due mostly when the location owner changed. He said he never fights over a location as he does not want any trouble.

Concerning the information that allegedly someone came to his place several years ago and announced they desired to be his partner, ANGELERI at first denied this. Later he stated that someone whom he did not know, but whom he believed to be a hoodlum, had come into his place and merely asked if he needed a partner and that he had replied no and the man had left without any threats. He did admit that he believed the man was a hoodlum and that this was not a bona fide request to enter into a partnership with him.

EDDIE VOGEL, but that he has never done business with
any of his representatives and never subscribed to

a juke box operator from [redacted], known as the

not take his juke box from him. He was told at this
time that if he did not take his juke box from this man
that he would not be able to open. Mr. [redacted] was unable

nothing came of it.

On September 16, 1958, [redacted], also known

stated she [redacted]

in [redacted] and that an unknown person, who was employed
in a handbook nearby suggested Apex as a juke box operator.
She said this person told Apex to send out a representative
and that one later appeared and she told him to bring
out a juke box. Subsequently a customer told her that Apex
was syndicate controlled and that if she used their machine
they would then want to put in their pinball machines and
later slot machines. She said she then looked in the phone
book and picked out the name of Western Automatic Music and

CG 92-345

told them to bring out a juke box which they did. She said their box arrived only an hour or so before the Apex box arrived. She told Apex to take the box back, but they refused and insisted she keep it. She stated for a month or so she had two juke boxes in her place and that when customers wanted to play the juke box she referred them to the one owned by Western Automatic Music. She said that several times while she had both boxes, representatives of Apex had dropped in to ascertain why she did not take from them. She stated no threats or undue pressures were made at any time and that eventually Apex removed the box. She admitted that at one time two plain clothesmen from the County Police dropped in and announced "We're your protection." She said at this point she lost her temper and ordered them out of her place and that they have not been back. She stated their visit had nothing to do with the juke box.

On September 16, 1958, Mr. [REDACTED]

[REDACTED] Illinois advised he and his [REDACTED] had purchased their own juke box about ten years ago. He said they have had no problems or pressure from any of the juke box operators and that no coin operated machines are in use in his place. He denied any undue pressures had been exerted upon him or his partner during the past ten years.

Sale of Property

On September 26, 1958, Mr. LESTER W. COONS, owner, Wyatt and Coons Real Estate Agency, Glenview, Illinois, advised that in September, 1948, property formerly owned by the Swain - Nelson Foundation, 2250 West Lake Street, was purchased through Attorney JOSEPH LUSTFIELD and the title was taken in the name of ANNE KARRAS. The amount of the sale was \$23,500.00. At the time of the sale the property was commonly known as the Airport Tavern. Subsequently he stated it became known as the Fort and that it was common knowledge that this place was

being operated as a gambling house. Mr. COONS stated the purchase was originally made for cash, and that he had heard it was owned by EDDIE VOGEL. He stated he recalled various newspaper articles reporting that slot machines had been stored in this place and at various times of the Fort being raided as a place of operation for floating crap games. He said that subsequently in April, 1956, the Fort was sold to Veterans of Foreign Wars (V.F.W.) Post Number 8859 of Glenview, for the sale price of \$30,000.00. At the time of sale the title was held in trust number 8709 of the Southmoor Trust and Savings. The attorney handling the sale was JOSEPH LUSTFIELD. The terms of the sale were \$10,000.00 down with \$4,000.00 payable each year on February 1 until balance is paid. Interest was at five per cent. Mr. COONS recalled that for a few months he had collected rents from the Airport Tavern and forwarded this money to JOSEPH LUSTFIELD. He said that occurred in the early 1950s and that the rent was approximately \$400.00 per month. He said that in his contacts with Attorney LUSTFIELD, that the owner of the Fort was referred to as "The Big Doy" or the Boss.

On September 29, 1953, Mr. [REDACTED]

[REDACTED] Quinlan, Tyson Real Estate Company, 1571 North Sherman Avenue, Evanston, Illinois, was interviewed by SA FRANKFURT. He advised that the property known as [REDACTED]

[REDACTED] was sold on March 20, 1956, to [REDACTED] who operated a garden supply and landscaping business at this address. Mr. [REDACTED] advised this property had laid vacant for four or five years prior to its sale and that it had generally been known as a gambling spot. He said the sale was made from Trust Number 8709 of the Southmoor Bank and Trust at a sale price of \$47,500.00. He said a commission of \$2,375.00 was received by Quinlan, Tyson and that no other commissions were received or paid. He said that the

CG 92-345

Attorney for the Seller was JOSEPH LUSTFIELD, who made all deposits for the Seller. He said his file reflects at the time the title was searched through the Chicago Title and Trust Company, the title was listed in the name of [redacted] Mr. [redacted] advised it was not unusual for titles to be in the name of fictitious individuals. He stated that further information concerning this sale might be secured through Mr. [redacted] who was the actual Salesman of the property.

On September 29, 1958, Mr. [redacted] [redacted] Quinlan, Tyson Company, 225 Glenview Road, Glenview, Illinois, advised he had handled the actual transaction of the sale of the [redacted] which he knew to be a gambling spot for a number of years. He said he was aware that EDDIE VOGEL was the owner of this property as VOGEL had been called a number of times during the bargaining period.

It is to be noted that upon VOGEL's Income Tax Form that he claimed commissions of this sale were paid to RICHARD BERNASS, \$500.00, and NATHAN LADON, \$250.00.

Mr. [redacted] stated he did not know either of the above individuals, but commented that one day while driving by the [redacted] he had stopped to look over the property when another car also stopped and two men got out and demanded to know what his business was and when they ascertained he was interested in selling the property, gave him the name of Attorney LUSTFIELD as the person to contact. Subsequently one of these individuals made several phone calls to him demanding to know when he would receive a commission. He informed this person, whose name he did not recall, that it was not the policy of the company to give commissions to outside individuals. He stated he related this incident to Attorney LUSTFIELD and that he was bothered no further.

Miscellaneous

On August 14, 1953, T-6 advised VOGEL is a very close friend of his and that VOGEL no longer runs the slot machine concession for the crime syndicate inasmuch as an unknown Italian with a highly placed relative now has the concession and that VOGEL now controls only the Northwest suburbs insofar as slot machines are concerned.

On September 29, 1953, Mr. [redacted] [redacted] Olympic Savings and Loan, 6201 West Cermak, Dorwyn, Illinois, advised he could find no record of any account under the name of EDWARD VOGEL or his various aliases at this bank.

On September 30, 1953, Mr. [redacted] [redacted] Cicero Savings and Loan Association, 6700 West Cermak Road, advised he could find no record of any account for EDWARD VOGEL under this name or any of his aliases. b6 b7C

D. LEGITIMATE ENTERPRISES

On October 9, 1953, T-4, who is in a position to have access to the operation of the Apex Amusement Company and Deluxe Cigarette Company and Ajax Phonograph Company, was interviewed by SAs PAUL B. FRANKFURT and [redacted]

This source advised that Apex has nine juke box routes, both in the County, as well as in the City of Chicago. He identified the following persons as juke box route men:

[redacted] also known as, [redacted] (phonetic);

TONY GIANCANA, allegedly no relation to SAM MOONEY GIANCANA, top hoodlum.

Above source stated that up until two weeks ago, VIC USS was a route man for Apex, but that he had committed suicide with a gun. He stated USS was one of the more avid location men and that many complaints had been lodged against Apex because of the tactics used by USS. T-4 stated he had learned that USS at times made statements which might be construed as threatening in nature and implying muscle tactics with the backing of the syndicate.

CG 92-345

T-4 advised that [redacted] operates in the [redacted]. He said that [redacted] operates in the [redacted] of the [redacted]. He said TONY GIANCANA was a replacement for VIC USS and has South Chicago to Cicero.

Concerning [redacted] he stated that he had formerly [redacted] a number of years ago and had [redacted] MAHONEY, a former partner, for [redacted]. He said that subsequently EARL KIES, Manager for Apex, assisted him in securing a job with [redacted] not further identified. After MAHONEY left Apex, [redacted] He stated, however, that [redacted] has a reputation of securing locations for juke boxes through [redacted] and that these tactics are not looked upon with favor by officials of Apex.

Concerning the securing of juke box locations, the source stated that it was general business practice on behalf of Apex, as well as other operators to enlist the cooperation of bread drivers, towel route men, police officers, fixture houses, etc., in order to secure new juke box locations. It is the general practice, he stated, to pay anyone securing a juke box location sums up to \$100.00 or \$200.00. T-4 was able to learn that Apex route men are paid a flat salary, plus car expense and commissions of two weeks collection for each juke box location secured. T-4 stated that many of the suburban incorporated areas in Chicago have a license for juke boxes of \$500.00 which permits them to place juke boxes in that incorporated area. The source stated that Apex had one such license in Melrose Park and that other operators had exclusive license in Elmwood Park and Franklin Park. T-4 stated that this system pushes out the small operator.

b6
b7C

CG 92-345

T-4 stated that Apex received leads from time to time through EDDIE VOGEL, of places where hand-books were operating and that while all of these locations were not secured, the majority of them were.

T-4 stated that about two years ago, Apex bought out North Shore Music Company, which was operating in Highland Park.

T-4 further remarked that various juke box operators, including Apex were strong in various areas because of the political associations of the various operators and that Apex in particular was strong in certain areas due to the fact that EDDIE VOGEL in his operations over the past thirty years, has developed many close friends some of whom are involved in politics.

T-4 stated that no amusement games are operated out of Apex and that this was a separate phase of EDDIE VOGEL's operation, which division JULIUS ZIMBEROFF, formerly directed and apparently still does.

Miscellaneous

In the case entitled "FRANK JOHN CERONE, was. ASCERTAINING FINANCIAL ABILITY", Chicago file 93-56, it is reflected that he was a known associate of EDDIE VOGEL in the early 1940s and had secured a \$5,000.00 loan from VOGEL.

On January 12, 1956, SA [redacted] made contact in the office of the Apex Cigarette Service, Incorporated, 4238 North Lincoln Avenue, Chicago, Illinois, at which time the Receptionist advised that Mr. EDWARD VOGEL was not available. She advised she would have Mr. VOGEL call the FBI Office to arrange for an appointment.

On January 12, 1956, Mr. RICHARD E. GORMAN, Attorney, 1 North La Salle, Chicago, Illinois, advised telephonically his client, EDWARD VOGEL, did not want to talk to Bureau agents at any time for any purpose.

CG 92-345

On January 13, 1956, Mr. GORMAN related telephonically Mr. VOGEL's purported message that he had not seen the subject, CERONE, for a long time, and knew nothing concerning his finances. Mr. GORMAN stated Mr. VOGEL had nothing further to state concerning the subject.

b6
b7C

Recently SA FRANKFURT talked to Detectives [redacted] of the Stolen Auto Detail, Chicago Police Department, at which time they remembered that several years ago a car belonging to EDWARD VOGEL was stolen and was recovered by them. They stated that they called his residence and he refused to talk to them, stating they should deal through his Attorneys Brodwin and Biober to make arrangements to return VOGEL's car to him and that VOGEL insisted that only one officer bring the car to him and at no time would he talk to the officers.

On October 2, 1953, [redacted] at 188 West Randolph, Chicago, advised SA PAUL B. FRANKFURT that EDDIE VOGEL continues to frequent Postl's Health Club which operates on the 27th floor of the building at this address.

On October 3, 1953, T-7 advised SA PAUL B. FRANKFURT that nothing had come to his attention since last contacted which is pertinent to this investigation.

On October 15, 1958, [redacted] Beach Garage, 5939 South Lake Park, advised SAs PAUL B. FRANKFURT and WILLIAM F. ROEMER, JR. that NATHAN "Butch" LADON does not keep his Pontiac in the Beach Garage as he did heretofore, but instead now keeps a 1958 black Cadillac Fleetwood "60" Special, Illinois license number 470148 in the garage. He said that the switch was made approximately October 1, 1958, and that LADON has "washing service" on the car, meaning that he pays \$50.00 a month for storage and for a daily wash.

It may be noted that [redacted] has previously been contacted by the writer, and that he furnished information that LADON kept a Pontiac in the garage. It is also noted that the writer has continued investigation at the U.S. Auto Leasing Company and determined that the above mentioned Cadillac is leased by U.S. Auto Leasing to the Lux Cigarette Service, the firm operated by EDDIE VOGEL. This information has previously been reported.

[redacted] advised that he receives a check through the mail in the amount of \$50.00 each month from Apex Amusement Company for the storage and washing service which he provides for the car stored by LADON. It is noted that Apex Amusement Company is also owned by EDDIE VOGEL.

In addition, [redacted] advised that within the past two weeks or so, LADON's pattern has changed in that he now takes his car from the garage between 9:00 a.m. and 10:00 a.m., whereas his former procedure was to take the car before 9:00 a.m. and sometime before 8:00 a.m.

[redacted] also mentioned that LADON very seldom returns the car before 11:00 p.m. or 12:00 midnight. He said in addition, that occasionally he notices LADON hangs around a "Bridge Club" (card room) at 53rd and Cornell.

Observation of this location by SAs FRANKFURT and ROEMER on October 15, 1958, determined that LADON's hangout, as mentioned by [] is the Cornell Bridge Club located at 1616 East 53rd Street, and that the awning above this location indicates that "Joe Farris Flowers" is also located there. This card room is located next to Adell Drugs on the corner of 53rd and Cornell.

A surveillance of "Butch" LADON on October 15, 1958, by SAs FRANKFURT and ROEMER determined that LADON entered the Beach Garage at 10:21 a.m. and left at 10:22 a.m. driving the above mentioned Cadillac. At 10:37 a.m. LADON exited from Lake Shore Drive at the Fullerton Street exit. At 10:52 a.m. the above described Cadillac was observed in a parking stall at 320 Oakdale, the residence of EDDIE VOGEL.

At 11:32 a.m. LADON departed from 320 Oakdale, entered the car, and drove around the immediate area of 320 Oakdale, apparently in an effort to dry-clean the area. At 11:36 a.m. LADON returned the car to the parking stall and re-entered 320 Oakdale at 11:55 a.m. LADON left 320 Oakdale in the Cadillac and was not observed again.

It is noted that the above information, and the surveillance, indicates that the information supplied by PCI [] to the effect that "Butch" LADON may again be a chauffeur - bodyguard for EDDIE VOGEL may be true.

It is noted that LADON for the past several months has been the chauffeur - bodyguard for GUS ALEX, and that it was the above described Cadillac which he used in chauffeuring ALEX.

Kennedy Discloses Hearing Plans

More than 20 witnesses will be subpoenaed by the Senate rackets committee in an investigation of gangster domination of the Chicago juke box and coin machine industries, Robert F. Kennedy, committee counsel, disclosed Thursday.

The witnesses, including crime syndicate gangsters, union officers, and officials of two trade associations, will be called to Washington to testify at hearings in December, Kennedy said.

Exposed by Tribune

A gangster attempt to push 300 Chicago coin game operators into the Chicago Independent Amusement association was exposed by THE TRIBUNE in February.

Four of the witnesses formerly were associated with the coin machine owners' group. They are Sam Greenberg, 49, association president; Hyman [Red] Lerner, a slot machine boss who was executive secretary; and James Rini, 39, and Alex Ross, 47, who are serving prison terms for destroying pinball games with acid and hatchets.

Two Others Called

Other witnesses will be Michael Dale, boss of a music machine survey company which has collected more than \$700,000 from Chicago juke box operators in the last eight years, and Fred Tom, [Juke Box] Smith, a former business

agent of local 134, International Brotherhood of Electrical Workers, which organized juke box and coin machine service men.

Kennedy flew to Chicago for a conference Thursday. He said the committee expected to hold hearings in January on the influence of Joseph [Joey] Glimco, hoodlum boss of the Chicago Taxi Drivers union, in the teamster union and the juke box industry. Glimco is the owner of a juke box distributing firm.

Vogel Linked to Witness in Sheriff Probe

The name of Eddie Vogel, former Cook County slot machine king for the crime syndicate, popped up today in the extended October grand jury's investigation of charges of corruption in the sheriff's office.

Among witnesses subpoenaed for today is Jules Zimmerhoff, manager of the Apex Amusement Co., 4246 Lincoln av., juke box distributing concern.

Vogel, a relic of the old Al Capone gang, has been named as one-time owner of the Apex Amusement, and the Apex Cigaret Service, at 4238 Lincoln av.

Other witnesses called before the grand jurors are:

Police Chief Wleklinski, of Calumet City, and two of his policemen, Robert Costello and George Perniciaro; Capt. James McCann, of the Bedford Park sheriff's police; and John Miceli, owner of a Calumet City night club.

The club was raided by sheriff's police some weeks ago. Taken into custody, Miceli was quoted as saying that he "ought to get a break," since he was one who "got young Brennan off the hook."

The reference was to Sgt. Jack Brennan, son of undersheriff Thomas Brennan who was involved in a shooting last year.

He said that although he knows that VOGEL no longer is in charge of slot machines in Cook County he does not know the degree of VOGEL's involvement at the present time in the Chicago Crime Syndicate. He stated that he had never heard of JOE PIGNATELLO, who is allegedly VOGEL's chauffeur at the present time. Charles Mason Johnson, known to so very many in this industry as "Little Jimmy", is probably the paragon of all nimble wits in the history of this field.

"By a fluke", claims Jimmy, "I became a member of this industry."

Charles Mason Johnson had done just about everything any human could do to earn an honest dollar. He'd driven trucks. Had been a fireman shoveling coal into the engine of a speeding train. A night watchman. And held many other jobs he's since forgotten.

"Then", reminisces Little Jimmy, "I suddenly found myself a cigarette machine service man."

But not even being a cigarette machine service man held down this ambitious little dynamo. While all were away at a Chicago convention one evening, back there in the '30's, Little Jimmy had to take over all service calls. He did such a marvelous job of repairing machines, handling complaints and everything else, that he was quickly advanced right up the ladder.

"And believe me", he says, "I had a boss who threw money around like it was glue."

Back there, in '36, Jimmy helped the late Ray Moloney create "Champion" from "Rocket." All because he heard a player say, when one ball went astray while playing "Rocket", "I sure wish I could buy that ball back again."

When cigarette machines went out of Chicago, Little Jimmy came into his own. He traveled the entire U.S.A. as an independent service and repair wizard. Vince Shay of Mills Novelty recommended Jimmy for dozens of special jobs everywhere in the country.

Then Charles Mason (Little Jimmy) Johnson married. "The sweetest girl in all the world," he says of Carol Elizabeth Johnson. And Carol is the one and only gal who can temper Jimmy's glib wisecracks to eliminate any hurt.

Little Jimmy became, and still is, a very grand family man. "I'm a home boy", he says, "at home in anybody's home." And those who have had him in their homes will admit to the truth of this statement.

Charles Mason Johnson and his Globe Distributing Company has won an enviable reputation for the quality of the merchandise he ships. One day, Jimmy found a firm with a very great product, Downey-Johnson Coin Counters.

boasts, "in our first year than they had sold in 16 years."

Charles Mason (Little Jimmy) Johnson is, to this very day, an integral part of the Downey-Johnson Coin Counter for which he is national distributor.

Little Jimmy has won many great honors. He completely reactivated the U.S. Civil Defense Fire And Rescue Service in the City of Chicago. He has received reams of grand publicity for this outstanding achievement.

He not only made this very great and neglected necessity actually work efficiently, but, he has since obtained six fully equipped ten-ton trucks and the day and night services of an 80-man volunteer crew. Eighty men from all walks of life. Eighty very proud and uniformed men in the service of their country in Chicago. And Little Jimmy is their Chief. "We all get paid in Wilkie buttons," Jimmy cracks.

They wear helmets and uniforms comparable to those of the Chicago Fire Department with whom they are affectionately attached. They have done absolutely marvelous and unforgettable work. They have already proved themselves to be rescue wizards. All because Charles Mason (Little Jimmy) Johnson poured his heart and soul into this great effort.

Nor is this Little Jim's first such effort. He labored like a Trojan in Red Cross Disaster work. Found clothing and shelter for destitute peoples. He was out day and night. Helping build up a grand organization with the Red Cross. He has now built up an even greater organization for Uncle Sam's Civil Defense.

Charles Mason Johnson is very proud of his two gorgeous daughters. One a noted Chicago model. The other an honor student at Mundelein College.

"Would I recommend young men to get into this business?", asked Little Jimmy.
